performance

9. May 2008 - gallery Hubert Bächler, Zurich, CH curated by Hubert Bächler - Duration: 1 hour

Background — Book publication and exhibition.

Setting — Gallery.

Materials and Preparation — Two books, vocal training. Compilation partly unpublished film sequences to DVD. DVD-Player and monitor.

Procedure — X and Y sing and read at the opening of the exhibition from their book. They are about 6 meters apart and turned to each other. The performance has already begun when the audience enters the room. X starts reading backward and Y forward so that in the middle of the performance the texts themselves become the echo. During the performance, the film runs in a low tone.
